

Family Solution

Revised Application Ready for use!

The revised **Family Solution** application (Form No. **9617 (6/08)**) is now available! You can place your supply order, as well as view and/or print copies of the new application from our on-line Supply requisition. Once you have ordered and received supplies of the revised version, please discard any copies you may have of the previous version.

Beginning **Monday, November 17, 2008** applications completed using the old version will **not be accepted.**

Some key changes to the revised application include:

- Health Questions have been updated to better fit the Family Solution plan
- A section has been added for details related to the Telephone Verification Interviews (required on all applications ages 40-49). This includes a section for the completed interview Case No. (when done at point of sale), applicants' telephone number and best time to call.
- Addition of check box if the first payment is to be paid using 'E-Check'
- Application not yet approved in all States

Note: HIPAA Form still required with all Family Solution applications
