The AD coverage builds cash value which, after the 20th year, equals 20 annual premiums. At the end of the 20th year, if the owner elects to take the ROP, the coverage is terminated.

The AD benefit features guaranteed level premiums for the first 20 years. After the 20th year, premiums will increase each policy year.

Bonus Coverage: In addition to the AD benefit, a base policy provides a small amount of whole life coverage.

The product is available for issue ages 18-60 and there is only one underwriting question on the AD application:
